

Form a team.

Brainstorm an idea.

Design a project.

Inspire others.

Win a prize.

# Be the change.

## Global Health Nexus Student Competition 2012

A contest for high school, community college and undergraduate university students in Washington state to advance solutions, awareness and innovation in global health.

**Choose** a project that develops a global health solution or engages and motivates communities in support of global health

**Build** a team of students and get creative with your ideas using technology, social media, the arts, education and more

**Win** cash, prizes, VIP visits and recognition as part of Next 50

**Initial two-page proposals are due January 13.**

You **CAN** make a difference to improve health around the world.
